

BELT DRESSING

Spanjaard Belt dressing is a anti-slip formulation which adheres to all belt materials, rubber, leather and fabric increasing traction and reducing slippage on all types and shapes of belts. The product is not soluble in water making it suitable for use in wet or damp environment.

APPLICATIONS

- Increasing traction on loose belts.
- Reduces belt slippage.
- Prevents belt squeal caused by slipping belts.
- Short drying time to increase pulling power.
- The synthetic film provides longer life to old & glazed belts.

DIRECTIONS FOR USE

Aerosols can

1. Shake well before use.
2. Spray on to the inside and outside of the belt whilst running.
3. Reapply as required.
4. After use, invert can and spray to clear the nozzle, to prevent blockage.

Non-Aerosol

1. Brush onto belt.
2. Belt must be stationary if brush application is used.

PROPERTIES

Colour:	Colourless and tacky
Features:	• Density g/ml : 0.90

PACKAGING

- 400ml Aerosol
- 5L bucket—Non aerosol
- 20L Bucket—Non aerosol

Revision: DDMMYY
